**PRODUCT END OF LIFE NOTIFICATION – ANZ
Insight 2™ Mini C Arm**

Dear Hologic Customer,

As a valued Hologic customer, you have our commitment to provide you the highest quality customer service, product support and technologically advanced products. We pride ourselves in being the leading manufacturer of Women’s Health & Skeletal products, a goal that could not be achieved without customers like you. Unfortunately, an increasing scarcity of replacement components for older equipment makes it difficult for us to support certain components indefinitely.

As you may know, Microsoft has announced they will end support for Windows 7 operating systems as of January 14, 2020 and after careful consideration, it is necessary to announce **End of Life for the InSight™ 2 systems installed in 2012 or earlier effective January 1, 2020 in Australia & New Zealand**. It is the policy of Hologic to provide service and service parts (if available) for 7 years from the date of purchase.

- If you have an InSight 2 system installed in 2012 or earlier, beginning January 1, 2020 we cannot guarantee service of your system. We will continue to provide phone support and time and materials service based on the availability of replacement parts.
- **If you have an InSight 2 system installed in 2013 or later, we will continue to support your system until 7 years from the date of your install. Please consult table below for end of life dates for these systems:**
